

GERMANS SEND ANOTHER
ULTIMATUM TO RUSSIA

The Bolshevik government in Russia had before it a new German demand that troops now under arms are to be disarmed and that the organization of military forces should cease. The ultimatum was presented at Moscow by Count Mirbach who covertly threatened that Moscow would be occupied by the Germans if the ultimatum was not complied with.

Austrian troops are being massed on the Italian front preparing for a blow against the Italian forces, according to dispatches from Henry Wood today. Since the entire Austrian press announced that an offensive against Italy would be the next big development the move toward that front has been going on. Austrian commanders, however, will not discount the possibility of the switch of the Austrians to the western front. Wood described the reorganization of the Austrian army and their efforts to restore their combative forces after a period in which their morale had been greatly impaired.

Franco-British forces are again on the offensive on the Macedonian front where their opposition are Bulgars with the exception of a few German officers who are there apparently to see that orders from Berlin are carried out. Teutonic units previously on that front have been sent to the western sector. Capture of several towns and villages in Macedonia last night was described in the latest advices.

American artillery continued heavily engaged in the vicinity of Cantigny. New fires were observed in Montdidier and another ammunition dump in Cantigny was destroyed by American fire.

General Haig today reported a local success by the French near Loire at which they improved their positions and took prisoners. The enemy attempted a raid east of Ypres but were driven off by British fire.

SWANTON, CARNIVAL
MURDERER, TAKEN
AT CURWENSVILLE

Thomas Kelly, one of the men shot by Al Swanton, of Youngstown, Ohio, at the carnival grounds in Curwensville Wednesday night last, died at the Clearfield hospital yesterday afternoon about 1 o'clock. Kelly was shot in the abdomen and his condition was such from the time of his admission to the hospital that District Attorney Arnold was unable to get any statement out of him concerning the shooting.

The dead man's home is supposed to have been in Weehawken, New Jersey. Beatty, the other man shot through the thigh in the same mixup, is getting along alright and will soon be able to leave the hospital.

Swanton made good his escape immediately following the shooting, but this morning about 5 o'clock came back to Clearfield on a freight train and then walked to Curwensville. He went to the carnival grounds and was induced by his friends there to give himself up to the authorities.

He was nervous and excited and after leaving the grounds again took to the woods. He was seen by David Cochran who notified Chief of Police Clark. The chief, who has been working night and day on the case, got busy at once and soon rounded the murderer up in the farm barn on the Charley Patton farm. One of the carnival men assisted Chief Clark in the capture, attracting Swanton's attention while the officer slipped into the barn and covering him with his gun demanded that he throw up his hands.

Swanton complied with the request and the chief quickly slipped the bracelets on him. The revolver with which the killing was done was found in Swanton's pocket, he having reloaded the weapon after the shooting.

He was taken before Squire John A. Dale for a hearing and remanded to jail in default of bail charged with murder in the first degree.

Swanton said the killing was done in self defense. That there had been bad blood between he and Kelly over a girl with the carnival and that he shot when he thought his life to be in danger.

Following the shooting he claims to have boarded a New York Central freight train below Curwensville and managing to elude the police although they searched the train twice, made his way as far as Karthaus where he was taken sick and getting off there remained until last night. He then jumped another freight and rode to Curwensville during last night.

Albert Swanton the murderer of Kelly is 25 years of age. His parents live at 145 Thornton avenue, Youngstown, Ohio. The father, George

LIBERTY CHORUS
WILL REHEARSE
TOMORROW AT 3

The Liberty Male Chorus will hold its first official rehearsal tomorrow afternoon at 3 o'clock at the College of Music and it is expected that there will be more than fifty men present. At the last rehearsal a permanent organization was effected and the entire membership paid in an initial assessment of One Dollar to defray necessary expenses for music and incidentals.

The Liberty Chorus has the advantage of voluntary free instruction from Prof. H. Clark Thayer and under his efficient leadership it is expected that only a short time will be required to whip the singers into shape for public performance. It is the purpose of the organization to make themselves available for all public meetings and a feature of the organization will be parade work singing stirring military songs through megaphones as they march.

There is no limit as to the number who may join the Liberty Chorus. In fact every singer in Clearfield is invited to participate. Already every church choir in the city is represented in the membership and an active campaign is on to get every man with a good singing voice to join. A knowledge of music is not necessary. Professor Thayer only asks the man to bring his voice and he will do the rest. This presents an opportunity to every man in Clearfield who wishes to get a good course of instruction on vocal music.

At the last rehearsal officers were elected as follows: President (G. A. Stewart); Vice President, O. R. Denning; Secretary, E. D. James; Treasurer, Robert Kennard; Musical Director, Prof. H. Clark Thayer.

All men are requested to attend the rehearsal tomorrow afternoon promptly at 3 o'clock. Bring your voice to the College of Music.

Sorosis, the pioneer woman's club in America was founded—just 50 years ago—by newspaper women in New York in resentment over the action of the Press Club of that city in refusing to admit women journalists to the club banquet given in honor of Charles Dickens.

Five aged Jewish women of New York city, all of them of foreign birth joined in making a large "old Glory" to express the patriotic enthusiasm they feel for America's cause.

FOUR SENTENCED
TO SALTY TERMS
IN PENITENTIARY

The Clearfield county Contingent in the Western Penitentiary will be augmented by four more "undesirables" following Judge Bell's action at a brief session of Criminal court this morning.

The first convicted malefactor to feel the law's heavy hand was Raymond Fisher, a former New York Central employe who broke into a freight car in the local yards one day last winter and stole a lot of cigarettes, tobacco, etc. Fisher was arrested in Pittsburgh following his crime and brought back to jail. He entered a plea of guilty and when called up for sentence some time ago told a tale regarding his service in the U. S. navy. He gave himself quite a record and Judge Bell directed that he be sent back to jail pending an investigation by his story.

The investigation by the district attorney revealed no bonquets coming to Fisher and Judge Bell sentenced him this morning to pay a fine of \$100 and undergo imprisonment in the penitentiary for not less than two nor more than four years.

Lawrence Ault, who entered a plea of guilty of the larceny of a suit case from the Fort Worth hotel at DuBois, a second offender, was given a sentence of from two to three years in the penitentiary.

Joe Shuskey and Alex Ruskavich, the two men who robbed the Mahoning Supply company store at Helvetia on March 26th last were the last of the quartet to face the court and they drew down handsome prizes.

They are the two men who attempted to saw their way out of Fort German some time ago. Judge Bell told them he could sentence them to thirty years each were he so disposed but that he would not do so at this time. He would suspend sentence on the jail breaking charge with the understanding that if they ever returned to the county they would be picked up and sentenced on this charge. He then gave Shuskey from seven to nine years in the penitentiary.

Ruskavich came to this country from Russia nine years ago and has spent seven of the intervening years in Sing Sing prison. He was given not less than eight nor more than ten years in the pen.

Allen Peyton, the colored man who slashed Jack Michel with a knife down at the Harbison-Walker brick works several months ago, was remanded to jail to await his call for service in the national army, he being one of the selectives from this district.

Lewis Ferguson, also colored who entered a plea of guilty to furnishing liquor to minors at Woodland was given a fine of \$25 and three months in jail.

The case of Com. vs. Crayte Owens mentioned of which was made in The Progress at the time of the young man's arrest, was settled out of court, the prosecutrix being unable to sustain the charge made in the information at the hearing before Justice Chorpemung.

MOTHERS' DAY AT WEST SIDE
M. E. CHURCH

Mother's Day at the West Side M. E. Church will be a banner affair. Special programs of music have been arranged and the choir under the efficient leadership of Mrs. John Taylor will be at their best. Mrs. Taylor only recently took charge of the choir at this church and is making a huge success of it. At the Sunday school the wife of the pastor Mrs. Snively will teach the Men's Bible Class.

PASTOR'S ATTENTION

On account of the fact that you were not there last Monday afternoon, the meeting of the Clearfield Minister's association was postponed to Monday afternoon May 13th at 2 p. m. at the Y. M. C. A. Rev. C. W. Baker will present a paper on "How can we best meet and solve the moral problems of our city?" Other matters of great importance will be considered. This is the only official notice you will receive. Brethren, to arms!

C. W. BAKER, Secy.
Mr. and Mrs. H. A. Kennedy and son Robert have returned from an auto trip to New York.

APPOINTED STATE INSPECTOR

Chief Clerk John M. Bain, of the local exemption board has been appointed by Gov. Brumbaugh, a state inspector of Exemption boards and Mr. Bain will go to Harrisburg tomorrow to take the oath of office and receive instructions as to his new duties.

Chief Clerk Bain is recognized by both the district board and the adjacent general's office at Harrisburg as possessing expert knowledge relative to the provisions and operation of the selective service act and under this appointment it will be his duty to visit the different local boards and instruct and check them in their work. He has given the matter much close attention and study and the appointment was not misplaced.

AT THE PRESBYTERIAN
CHURCH

Mother's Day will be fittingly observed in the Presbyterian church tomorrow. The old familiar hymns will be used. Special music has been prepared by the choir. At the Sabbath School the entire program is in the hands of the mothers and daughters. A hearty invitation is given to all to attend these services. The choir is preparing to give another of their special musical programs two weeks from today. Next Sabbath we expect two noted men, one an English officer back from the front, to address the congregation on the coming Red Cross drive. See the papers for fuller announcement.

NITRO PLANT EXPLODES
EIGHT THOT KILLED

Wellsburg, W. Va., May 11.—An explosion shortly before noon today destroyed the nitroglycerine plant of the Louis Coal company at Craft Creek, according to telephone messages from that place. Eight men employed in the building when it blew up are believed to have lost their lives it was stated.

GOES TO CAMP CUSTER

William H. Patterson, Jr., will leave Tuesday afternoon next for Camp Custer, Battle Creek, Michigan where he will enter the fourth officers' training camp and try for a Lieutenant's commission in the regular army.

ENLISTED IN ARMY

George A. Spencer, son of County Commissioner and Mrs. H. H. Spencer enlisted at the DuBois recruiting office on Tuesday last and was one of a bunch of six men sent to Fort Slocum New York.

ENLISTS IN ARMY

Lawrence L. Cuper, of Shawville, and John P. Mulgrew, of DuBois, enlisted and left DuBois last evening for Fort Slocum, making a total of thirty-five men sent to the army from the DuBois recruiting office so far this month.

BRITISH CASUALTIES HEAVY

London, May 11.—The British casualties during the last week totalled 6,216 killed, wounded 28,519 including 5,269 officers.

Among the women who sacrificed their lives during the American Revolution in doing works of mercy was the mother of Andrew Jackson, who was stricken with fever after a journey to Charleston to carry clothes and food to the patriots confined on the prison ship in that port.

CUTLER ARRESTED
FOR TAKING \$70
FROM COAT POCKET

Last Tuesday Michael O'Donoghue was moving his household goods from Hillsdale to the New York Central station, he having decided to return to Patton, where he formerly lived. He had a local drayman doing the moving and three or four men helping load the trucks. Mr. O'Donoghue had \$70 in ten dollar bills which he placed in the inside pocket of a coat left hanging in the second floor of the house while the goods were being removed.

When the last load had been placed upon the truck Mr. O'Donoghue went to get his coat but found the money missing. Suspicion was directed toward Paul Cutler, one of the men employed in the moving and thanks to some clever detective work on the part of the local police Cutler was taken into custody at DuBois yesterday and a part of the stolen money found upon him.

Following the theft Chief Eadie notified the merchants in town, at Hyde City and Curwensville to keep tabs on Cutler and see if he offered any ten dollar bills for purchases made at their different stores and as he lived in Pike township and got on and off the B. R. & P. train at Pennsboro, the railroad men were also asked to keep the police posted as to his movements.

Yesterday Chief Eadie was notified that Cutler was on the noon train bound for DuBois and he telegraphed Conductor McGannon to point the suspect out to Officer Middleton, of DuBois, who was on the train. The Chief also notified Chief Peace to watch Cutler on his arrival there and if he was found with a ten dollar bill on him to pick him up.

As a result shortly after Cutler arrived in DuBois he was arrested by Chief Peace and Officer Middleton and while en route to the lockup managed to drop two ten dollar bills onto the sidewalk. A small boy following the officers with their prisoner saw Cutler drop the money and notified the police. He was placed in the lockup and Officer Carlson went to DuBois last evening and brought Cutler back to jail this morning.

OFFICER DESCRIBES THE
SINKING OF VINDICTIVEGERMAN "RATHOLE" MOST EFFECTIVELY
BLOCKED BY OBSOLETE BRITISH BATTLE-
SHIP 327 FEET IN LENGTH

LOSS OF LIFE REPORTED SMALL

London, May 11.—The German naval base at Ostend undoubtedly is effectively blocked as the result of yesterday morning's daring raid. The old cruiser Vindictive, 320 feet long, lies in the 327 foot channel. Officers and men who participated in the venture reported 5 dead, 29 wounded and 10 missing.

Commodore Hubert Lynes, commander of the operations, made the following report today:

"It was a lurid scene. At 2 a. m. the Vindictive arrived on program time. There was a thunder of guns from sea and land, the explosion of bombs from the air and a horrifying cry from the wounded. The Vindictive cruised for 20 minutes in the fog locating the entrance. Finally her crew stopped the engine when at the entrance to the channel, her bow jamming the piers. Motor boats circled close to the cruiser to take off the crew and in a shower of machine gun shells they transferred 2 officers and 38 men and rushed toward Warwick."

FIVE AMERICAN OFFICERS TAKEN
PRISONER, SAYS PERSHING REPORT

Capture of five American officers was reported in today's casualty list from General Pershing. The list contained 68 names including 8 killed in action, 4 dead from wounds, 4 severely wounded, and 34 slightly wounded. The prisoners included Lt. James E. Quigle, of Adrian, Pa. Corp. Cummings, of Greenville, Pa., was among those who died. Corp. Edward J. Herzog of Johnstown was severely wounded.

THE COPPING CARNIVAL
AT CURWENSVILLE

Chief of Police Guy Clark, of Curwensville, was in town today and in discussing the recent shooting affray in his town said the Copping carnival appeared to be more the victim of circumstances than of any intentional wrongdoing as far as the management of the carnival was concerned. He said Mr. Copping carried all clean shows and that while the concessions played by the sheriff were technically styled gambling concerns they were really only what was generally allowed on carnival grounds and similar in every particular to those carried by and in operation at the John Jones shows in DuBois this week.

Chief Clark said the amusement end of the carnival had permission of the borough authorities to open this afternoon and evening. This afternoon Councilman J. M. McKinley, of Curwensville, called The Progress and added his testimony to what Chief Clark had to say in the matter. He said the Curwensville people had no fault to find with Manager Copping and his carnival and no objection to allowing his shows to proceed. That Mr. Copping had a very decent crowd of people with his shows, and made every effort to have the same conducted properly and Curwensville people had no fault to find with him and did not desire to have him quit the town on account of the actions of the concessions complained of. Accordingly the show will be given today and tonight.

Dancing, games and music furnished delightful entertainment for the guests until a late hour when refreshments were served.

LONDON PAYS HIGH
TRIBUTE TO U. S.
FORCES IN PARADE

By United Press
London, May 11.—Thousands banked the streets and parks today along the route taken by the American troops in their parade through the heart of London and into the hearts of the Londoners. The enthusiasm evinced everywhere surpassed even those thrilling days of 1914. An American band headed the first battalion, a Scotch band headed the second and an Irish Regimental band headed the third. As they swung past with the picturesque bird cage walk amidst wild cheering by military men and civilians with rifles shining and drums thundering the Americans were reminiscent of "Kitcheners' Mob."

The American soldiers detaining acid the cheering of veteran Tommies, Jocks, Maple Leaters, Azasacs and civilians marched early this morning up through Westminster square to their temporary barracks. They were reviewed by the staff of the American embassy and at Buckingham Palace they were reviewed by King George.

CAN'T KEEP GEORGE DOWN

A most painful accident occurred this morning when George Wrigley, the two year old son of Mr. and Mrs. Lloyd Wrigley, pulled a bucket or scalding hot water over onto himself. The little fellow has plenty of grit and although heavily swathed in bandages about the head, hands and chest he is out walking this afternoon with his little brother and father proudly displaying his wounds as though he were a veteran from the battlefield.

DROP GERMAN LANGUAGE

The German language, often termed the best language of
expression in the world, has been disgraced by the actions of its
speakers. Language has a large part to play in the making of
nations and the building up of a nation's commerce. Many edu-
cators have come to believe that a better and more universal
knowledge of the German language is simply making it that much
easier for the propagation of German theory and practice and
inculcating into the minds of the young the idea of "Kultur".
Every day school boards are dropping the subject and no doubt
the same step will be taken in Clearfield before long. Already
our sister cities, Bellefonte and DuBois, have discarded the
language of the Hun.

A GERMAN DENIAL

Close on the heels of the British announcement of the spec-
tacular feat of sinking a concrete-laden ship in the neck of the
channel at Ostend the Berlin admiralty issued a denial of the
occurrence, saying that the attempt to bottle up the sub base was
frustrated and that the loss of life to the British is heavy. It is
reasonable to presume that the loss of life would be heavy in such
an undertaking but it surely is idle talk for the Germans to say
that the attempt was not a success. It has never been the policy
of the German military authorities to admit defeat in any case
and on the other hand the British are not given to making ex-
travagant claims on their successes. The bravery of the men
making the attempt is beyond description and their act will go
down in history as one of the great things of the war. The very
fact that they made the attempt and had even a measure of suc-
cess presages the trying of it again and in the end the sub bases
will be corked up tight with obsolete, concrete-laden ships. It
is only a matter of time.

CARNIVALS

Owing to past experiences with carnivals The Progress has
been unalterably opposed to them as an amusement enterprise
or as a means of raising money for public improvements and
special enterprises. Now that we are at war and every dime
should be spent for only the necessities there is another reason
why the carnival is about a thing of the past.

Clearfield has for years been in need of a good band. One
that will be on deck ready for all public meetings and special oc-
casions. Time after time an effort has been made to raise the
money by public subscription and other means and each time the
promoters have met with disappointment. Nothing pleased us
more than the decision of the Clearfield Fire Department to or-
ganize a band and we know that the fire department would not
have adopted the carnival percentage method of raising the
money had there been another way to get it.

The clause in the contract between the fire department and
the carnival company prohibiting the money gambling and im-
moral shows is a wise one and should remove the most objection-
able features of the modern carnival. In addition to this we feel
that the members of the fire department will see to it that the
best of order is maintained and that the provisions of the con-
tract relative to the objectionable features will be strictly en-
forced by them. There is no denying the fact that the people of
the city of Clearfield will demand this and there is no doubt but
that the fire laddies will see that there is nothing to complain
about on the carnival grounds.

**FOOLISH PASSING
OF SCANDAL WAS
RESPONSIBLE**

Scandalous stories affecting Ameri-
can Red Cross nurses in France were
denounced in a presentment handed
down Thursday by the Federal Grand
Jury. Dr. Emma B. Culbertson,
senior surgeon in the New England
Hospital for Women and Children,
who admitted repeating one of these
wild stories at Vassar college, was
censured. Judge A. N. Hand, accept-
ing the presentment, said:

"This statement has been cir-
culated in various cities. It in-
dicates on its face a deliberate
propaganda from some in-
famous source that is inimical to
our institutions."

The statement which Dr. Culbert-
son admitted last night in Boston she
had repeated to President MacCrack-
en in Vassar was as follows:

"It is a matter of common
knowledge that 200 beds have
been reserved in Sloane Materni-
ty Hospital, New York City, for
Red Cross nurses who were re-
turning from France and expect-
ed immediate confinement."

"Statement Unfounded"

The Grand Jury which spent many
days in its investigation and listened
to Dr. Culbertson and many other
witnesses, said:

"Investigation showed that
Emma B. Culbertson had abso-
lutely no knowledge or informa-
tion upon which to base such
statement, and that said state-
ment was wholly and entirely
without foundation. No Red
Cross nurse has returned to this
country from foreign service in
such condition. Emma B. Cul-
bertson herself now believes she
has been misinformed and regrets
she has been a party to the dis-
semination of a false statement."

The Grand Jury decided that Dr.
Culbertson had no evil intent in
spreading the story. Judge Hand an-
nounced that such reckless statements
in the future would probably lead to
indictment.

The Grand Jury also denounced an-
other wild story which has been com-
ing into every newspaper office in this
city for weeks. The New York
American established its falsity on in-
vestigation.

The story, which the presentment
calls "merely one of a score of wild
vaporings," has to do with two Red
Cross nurses alleged to have returned
to this country from France with
their hands and tongues cut off.

Blames The Public

A woman speaker for the Liberty
Loan at a Washington Heights mov-
ing picture house was among those
who told this story publicly. The
presentment concludes with this
warning:

"The Grand Jury deprecates the
tendency shown by the public in
general to give ready ear to and
repeat stories and reports of a
sensational and scandalous nature
and character affecting the
American Red Cross and its
nurses."

"Such stories and reports not
only interfere with recruiting for
nurses' service abroad, but have
a tendency to create public dis-
trust of the American Red Cross.
They are detrimental to the many
activities it is carrying on to al-
leviate the unspeakable condi-
tions due to the war."

**GRAND JURY MAKES
REPORT TO COURT**

To the Honorable Singleton Bell,
Judge of Clearfield County, Pa.
The grand inquest inquiring in and
for Clearfield county May Term 1918
do respectfully submit the following
report:

We have acted upon twenty-two
bills of indictment, of which we re-
turned nineteen true bills and three
not true bills.

We recommend that the County
Commissioners build a new concrete
bridge at Westover borough, to take
the place of the iron bridge there
which has been condemned.

We have inspected the county build-
ings. We find them in good condition
except that we recommend the floor
in the corridor of the jail be repaired
and new linoleum laid.

We also recommend that all wood
floors in bad condition at the County
Home be replaced with concrete or
other serviceable material to make it
more sanitary.

We also recommend that the en-
trance to the Court House be changed
to comply with the State law.

We also recommend that the par-
titions now dividing the rooms on the
second floor of the Court House, used
as a Grand and Traverse Jury room,
be removed and one large room be
made of same; this change involving
the erection of an open stairway in
the corridor on the second floor to
connect with the rooms on third floor,
which should be put in condition for
use as jury rooms, eliminating the
bad points and other rooms now prac-
tically unused.

We also return our thanks to the
Honorable Court, the District Attor-
ney and officers of the Court, the
County Home Steward and Master,
and our thanks for their courteous
aid and facilities.

To The Republican Voters of
The 21st Congressional District

Gentlemen:--

After many years work for the Republican
Party as County Chairman and as speaker for the
Republican State and National Committees, and
having been elected delegate to the National Con-
vention from this district by a large majority,
I trust to have your support and influence
for the Republican nomination for Congress from
this 21st Congressional District, composed of the
counties of McKean, Cameron, Centre and
Clearfield.

As a loyal American Citizen, my platform, is.

EVERYTHING TO WIN THE WAR:--

1. THE CONSERVATION OF FOOD: Stoppage of
all waste, the ratification of the Prohibition
Amendment and immediate War Time Prohibition.

2. THE CONSERVATION OF COAL.

3. THE CONSERVATION OF MAN POWER AND THE
PROTECTION OF LABOR

4. THE DEFENSE OF AMERICA.

If nominated and elected, I shall use my best
endeavors to promote these important causes.

Hoping that I may have your vote and influence
at the Primary on May 21st inst., I am

Faithfully yours

**Why I Stand For
The Workingman**

At the age of eighteen I began the man's work
of lumbering in the then busy woods of this state.

The lot of the lumberman is familiar to me—
cutting, peeling and piling logs; breaking landings
and rafting—I have done them all.

Thus I have had first hand acquaintance with
laboring conditions and can look at any legislative
movement from the workingman's viewpoint.

It goes without saying, then, that it is my de-
sire to promote legislation that will make the con-
ditions of the worker better.

Americans Can Do Their Bit By Re- fusing to Wear Pointed Shoes

That is what a writer in the New York Evening Mail said recently. He pointed out what we have been saying for a long time; that pointed shoes bend the delicate bones of the foot and inevitably cause corns, bunions, twisted toes, ingrowing nails, callouses, etc.

Such foot ills would disappear and a general increase in bodily efficiency would take place if every American would wear

OLD BELL TO CALL FAITHFUL TO SERVE THE MASTER AGAIN

An interesting service will be held at the U. B. Church, East End, tomorrow, when the new church bell will be dedicated or re-dedicated with appropriate exercises.

The new bell, or more properly speaking, the old bell, was hung in the belfry on Thursday evening last by a number of the members of the congregation. The bell has a history.

This bell is the old bell formerly located in the steeple of Trinity Methodist church and almost a half century ago was calling the faithful to the service of the Master, its deep tones also announcing the sad tidings of the death of many former well known residents of our town.

How old the bell is we are unable to determine, but it is a fine specimen of the old-time bell maker's handiwork. We glanced through the late Geo. W. Rheem's "History of Methodism" in the hope of finding some mention of its purchase, but were unable to do so. However, as the steeple of the old church was finally completed in 1870, the old bell as at least chasing the half century mark and

CASTING OUT THE DEMON RUM

A dozen states have already ratified the "dry" amendment to the federal constitution. Only one or two states have dodged the matter. It seems assured that the necessary two-thirds of the states will act favorably on the measure as soon as their legislatures convene. We predict that before this time next year the matter will be practically settled. The rum demon will be exorcised. Praises be!

In the meantime, Indiana has gone "bone dry" (unless the supreme court declares the law which has just taken effect unconstitutional.) At the spring elections in other states saloons were voted out in many sections where the question was put on the ballot.

As a war measure and as a peace measure—in the name of religion, and health—for the sake of our work and of our purses—the common sense of the world can only rejoice when the last shovel full of earth is thrown upon the grave of Old King Alcohol.—Farm Life.

WM. G. SHEPHERD WILL RETURN TO EUROPE VERY SOON

(By United Press)
Indianapolis, May 11.—William G. Shepherd, United Press war correspondent, "ace" of the battlefront writers, is scheduled to deliver his farewell address to the writing brethren before crossing again to the war zone at the annual convention of the National Association of City Editors which opened here today.

George Creel, chairman of the government's public information committee, will lead the discussion on the subject of what to do with governmental publicity material.

This problem is one of the most acute that editors have to deal with. Newspaper wastebaskets throughout the country always overflowing, practically have collapsed under the strain of caring for the tons of "public information" sent out by government agencies since the war began.

Gov. J. P. Goodrich of Indiana, Douglas Fairbanks of the film, Rex Beach, Congressman Simeon Pess, and James Schermerhorn, publisher of The Detroit Times, are among the speakers scheduled to address the newspapermen at a banquet tonight.

GOODRICH TESTED TIRES

At the City of Goodrich, they have officially announced the grand mileage of Goodrich's nation-wide Test Car work of 1917:

1,044,686 linear miles.
4,178,744 tire miles.

Those figures indite the Emancipation Act of motorists, freeing them from tire mishaps and amputated mileages.

Compressed in them is the story of the famous Six Fleets, and how they hurled Goodrich Tires the length and breadth of our nation, over city pavement and country road, ploughing them through sand and mud; mauling them against rock and gravel.

Mathematics has no favor to show. That multiplied mileage of 4,178,744 miles

coldly, calculatingly, puts the seal of multiplied proof on Goodrich Tires, and stamps them "Tested." In that searching test, no slightest defect, no hidden short-comings could escape the sight of the Goodrich experts.

SILVERTOWN CORDS, and BLACK SAFETY TREADS, under light and heavy cars, defied the rough going of roads where over the Test Car Fleets rushed them.

The spiral-wrapped, cable-cord tire body, and Goodrich's tough black tread rubber fought the hard fight and conquered.

Seek tire surety and long mileage in the proven service of "America's Tested Tires." Goodrich guarantees you will get it because Goodrich tested and got it.

Tested Tires mean 100 per cent. quality. Demand it. Tested Tires mean supreme service. Demand it.

Thickness

Here is another effective way to measure the quantity of materials used—and that is to measure the actual thickness of tread.

You will find that here again the Michelin Universal has a big advantage. In the 34x4 size, for example, the solid though flexible mass of wear-resisting rubber and fabric is almost an inch thick.

Though moderate in price, Michelines are unsurpassed in durability even by the most expensive tires.

JUNIOR-SENIOR BANQUET

The Junior class of the Clearfield High school gave their annual banquet in honor of the Senior class last evening in the gymnasium of the new High school building. The teachers and several members of the school board and their wives were guests at the banquet.

A grand march was participated in by all. The special feature of the evening was a program given by Miss Simmons, Mr. Van Osten and Miss Reno, teachers of the High school which was a little sketch from "Kipling." Miss Simmons gave the readings, Mr. Van Osten sang and Miss Reno accompanied at the piano.

Dancing, music and games furnished entertainment for the rest of the evening.

Seven regiments of the regular force and three regiments of reserves were included in the line.

The purpose of the organization is to favor, foster and further by all lawful means the establishment, building, development, improvement and maintenance of highways within the State of Pennsylvania, particularly through the Counties of Erie, Crawford, Clearfield, Jefferson, Clarion, Centre and Blair, and to secure the benefits which may ensue therefrom, and to that end, to cooperate with any other association or associations of like character.

At the meeting arrangements were made for application for Charter and Clarion was selected as headquarters for the association.

The membership fee was fixed at \$1.00, and a campaign will be made throughout all the counties interested for members. It is expected to secure at least 5,000 members.

The big project of the association will be securing the improvement of the old Susquehanna and Waterford turnpike from Erie to Tyrone, connecting there with the William Penn Highway.

Cultivating the Idea of Looking

Please feel at liberty to come into this store and view our displays and stocks at your leisure, and even though our salespeople will greet you with the question whether they can be of service to you, we want you to feel that this does not mean that you must buy merely because you enter the store. The fact that our salespeople are eager to serve you is only an example of the courteous service you receive at this store.

It is a good idea to cultivate the habit of looking, of asking to see as many grades of a certain article as you wish. You should feel perfectly at home when you enter THIS store.

FORM PERMANENT BODY TO BOOST LAKETOSEAROAD

Tuesday afternoon, May 7, representatives from Clearfield, Jefferson, Venango and Clarion counties met in Clarion at the office of George F. Whitmer, and organized the Lakes to Sea Highway association of North Western Pennsylvania.

This organization was the outgrowth of a dinner given to State Highway Commissioner J. Denny O'Neil at the Chamber of Commerce of DuBois, a couple weeks ago. At that meeting the following five men were appointed to formulate plans for the organization.

George F. Whitmer, Clarion, Pa. Lee B. Humphrey, Brookville, Pa. John Reed, Reynoldsville, Pa. Walter Hatten, DuBois, Pa. Joseph Phillips, Clearfield, Pa.

On Tuesday, the following persons met and perfected organization plans: Lee B. Humphrey, Brookville, Pa. Walter Hatten, DuBois, Pa. Normal G. Ball, Clarion, Pa. J. R. Osborne, DuBois, Pa. Wm. M. PAIGE

The Most Beautiful Car in America

Always On Time!

Men of action refuse to be dependent upon slow moving, congested trolley cars. They realize that their time is worth money. And, quite naturally, they find the solution of this time problem in a dependable motor car—the most efficient form of transportation that has ever been developed.

A little reflection should convince you that any man can do a better day's work with a Paige. In the entire field of automobiles there is no car with a more firmly established reputation for dependability. Because the Paige performs its work unflinchingly, it has been adopted by those men who are best equipped to judge the efficiency of any mechanical product.

GERMANS SEND ANOTHER
ULTIMATUM TO RUSSIA

The Bolshevik government in Russia had before it a new German demand that troops now under arms are to be disarmed and that the organization of military forces should cease. The ultimatum was presented at Moscow by Count Mirbach who covertly threatened that Moscow would be occupied by the Germans if the ultimatum was not complied with.

Austrian troops are being massed on the Italian front preparing for a blow against the Italian forces, according to dispatches from Henry Wood today. Since the entire Austrian press announced that an offensive against Italy would be the next big development the move toward that front has been going on. Austrian commanders, however, will not discount the possibility of the switch of the Austrians to the western front. Wood described the reorganization of the Austrian army and their efforts to restore their combative forces after a period in which their morale had been greatly impaired.

Franco-British forces are again on the offensive on the Macedonian front where their opposition are Bulgars with the exception of a few German officers who are there apparently to see that orders from Berlin are carried out. Teutonic units previously on that front have been sent to the western sector. Capture of several towns and villages in Macedonia last night was described in the latest advices.

American artillery continued heavily engaged in the vicinity of Cantigny. New fires were observed in Montdidier and another ammunition dump in Cantigny was destroyed by American fire.

General Haig today reported a local success by the French near Loire at which they improved their positions and took prisoners. The enemy attempted a raid east of Ypres but were driven off by British fire.

SWANTON, CARNIVAL
MURDERER, TAKEN
AT CURWENSVILLE

Thomas Kelly, one of the men shot by Al Swanton, of Youngstown, Ohio, at the carnival grounds in Curwensville Wednesday night last, died at the Clearfield hospital yesterday afternoon about 1 o'clock. Kelly was shot in the abdomen and his condition was such from the time of his admission to the hospital that District Attorney Arnold was unable to get any statement out of him concerning the shooting.

The dead man's home is supposed to have been in Weehawken, New Jersey. Beatty, the other man shot through the thigh in the same mixup, is getting along alright and will soon be able to leave the hospital.

Swanton made good his escape immediately following the shooting, but this morning about 5 o'clock came back to Clearfield on a freight train and then walked to Curwensville. He went to the carnival grounds and was induced by his friends there to give himself up to the authorities.

He was nervous and excited and after leaving the grounds again took to the woods. He was seen by David Cochran who notified Chief of Police Clark. The chief, who has been working night and day on the case, got busy at once and soon rounded the murderer up in the farm barn on the Charley Patton farm. One of the carnival men assisted Chief Clark in the capture, attracting Swanton's attention while the officer slipped into the barn and covering him with his gun demanded that he throw up his hands.

Swanton complied with the request and the chief quickly slipped the bracelets on him. The revolver with which the killing was done was found in Swanton's pocket, he having reloaded the weapon after the shooting.

He was taken before Squire John A. Dale for a hearing and remanded to jail in default of bail charged with murder in the first degree.

Swanton said the killing was done in self defense. That there had been bad blood between he and Kelly over a girl with the carnival and that he shot when he thought his life to be in danger.

Following the shooting he claims to have boarded a New York Central freight train below Curwensville and managing to elude the police although they searched the train twice, made his way as far as Karthaus where he was taken sick and getting off there remained until last night. He then jumped another freight and rode to Curwensville during last night.

Albert Swanton the murderer of Kelly is 25 years of age. His parents live at 145 Thornton avenue, Youngstown, Ohio. The father, George

LIBERTY CHORUS
WILL REHEARSE
TOMORROW AT 3

The Liberty Male Chorus will hold its first official rehearsal tomorrow afternoon at 3 o'clock at the College of Music and it is expected that there will be more than fifty men present. At the last rehearsal a permanent organization was effected and the entire membership paid in an initial assessment of One Dollar to defray necessary expenses for music and incidentals.

The Liberty Chorus has the advantage of voluntary free instruction from Prof. H. Clark Thayer and under his efficient leadership it is expected that only a short time will be required to whip the singers into shape for public performance. It is the purpose of the organization to make themselves available for all public meetings and a feature of the organization will be parade work singing stirring military songs through megaphones as they march.

There is no limit as to the number who may join the Liberty Chorus. In fact every singer in Clearfield is invited to participate. Already every church choir in the city is represented in the membership and an active campaign is on to get every man with a good singing voice to join. A knowledge of music is not necessary. Professor Thayer only asks the man to bring his voice and he will do the rest. This presents an opportunity to every man in Clearfield who wishes to get a good course of instruction on vocal music.

At the last rehearsal officers were elected as follows: President (G. A. Stewart); Vice President, O. R. Denning; Secretary, E. D. James; Treasurer, Robert Kennard; Musical Director, Prof. H. Clark Thayer.

All men are requested to attend the rehearsal tomorrow afternoon promptly at 3 o'clock. Bring your voice to the College of Music.

Sorosis, the pioneer woman's club in America was founded—just 50 years ago—by newspaper women in New York in resentment over the action of the Press Club of that city in refusing to admit women journalists to the club banquet given in honor of Charles Dickens.

Mary Manners, a teacher in a Philadelphia Sunday School, has missed but four sessions of her school in 32 years.

Five aged Jewish women of New York city, all of them of foreign birth joined in making a large "old Glory" to express the patriotic enthusiasm they feel for America's cause.

FOUR SENTENCED
TO SALTY TERMS
IN PENITENTIARY

The Clearfield county Contingent in the Western Penitentiary will be augmented by four more "undesirables" following Judge Bell's action at a brief session of Criminal court this morning.

The first convicted malefactor to feel the law's heavy hand was Raymond Fisher, a former New York Central employe who broke into a freight car in the local yards one day last winter and stole a lot of cigarettes, tobacco, etc. Fisher was arrested in Pittsburgh following his crime and brought back to jail. He entered a plea of guilty and when called up for sentence some time ago told a tale regarding his service in the U. S. navy. He gave himself quite a record and Judge Bell directed that he be sent back to jail pending an investigation by his story.

The investigation by the district attorney revealed no bonanzas coming to Fisher and Judge Bell sentenced him this morning to pay a fine of \$100 and undergo imprisonment in the penitentiary for not less than two nor more than four years.

Lawrence Ault, who entered a plea of guilty of the larceny of a suit case from the Fort Worth hotel at DuBois, a second offender, was given a sentence of from two to three years in the penitentiary.

Joe Shuskey and Alex Ruskavich, the two men who robbed the Mahoning Supply company store at Helvetia on March 26th last were the last of the quartet to face the court and they drew down handsome prizes.

They are the two men who attempted to saw their way out of Fort German some time ago. Judge Bell told them he could sentence them to thirty years each were he so disposed but that he would not do so at this time. He would suspend sentence on the jail breaking charge with the understanding that if they ever returned to the county they would be picked up and sentenced on this charge. He then gave Shuskey from seven to nine years in the penitentiary.

Ruskavich came to this country from Russia nine years ago and has spent seven of the intervening years in Sing Sing prison. He was given not less than eight nor more than ten years in the pen.

Allen Peyton, the colored man who slashed Jack Michel with a knife down at the Harbison-Walker brick works several months ago, was remanded to jail to await his call for service in the national army, he being one of the selectives from this district.

Lewis Ferguson, also colored who entered a plea of guilty to furnishing liquor to minors at Woodland was given a fine of \$25 and three months in jail.

The case of Com. vs. Crayte Owens mentioned of which was made in The Progress at the time of the young man's arrest, was settled out of court, the prosecutrix being unable to sustain the charge made in the information at the hearing before Justice Chorpemung.

MOTHERS' DAY AT WEST SIDE
M. E. CHURCH

Mother's Day at the West Side M. E. Church will be a banner affair. Special programs of music have been arranged and the choir under the efficient leadership of Mrs. John Taylor will be at their best. Mrs. Taylor only recently took charge of the choir at this church and is making a huge success of it. At the Sunday school the wife of the pastor Mrs. Snively will teach the Men's Bible Class.

PASTOR'S ATTENTION

On account of the fact that you were not there last Monday afternoon, the meeting of the Clearfield Minister's association was postponed to Monday afternoon May 13th at 2 p. m. at the Y. M. C. A. Rev. C. W. Baker will present a paper on "How can we best meet and solve the moral problems of our city?" Other matters of great importance will be considered. This is the only official notice you will receive. Brethren, to arms!

C. W. BAKER, Secy.

Mr. and Mrs. H. A. Kennedy and son Robert have returned from an auto trip to New York.

APPOINTED STATE INSPECTOR

Chief Clerk John M. Bain, of the local exemption board has been appointed by Gov. Brumbaugh, a state inspector of Exemption boards and Mr. Bain will go to Harrisburg tomorrow to take the oath of office and receive instructions as to his new duties.

Chief Clerk Bain is recognized by both the district board and the adjacent general's office at Harrisburg as possessing expert knowledge relative to the provisions and operation of the selective service act and under this appointment it will be his duty to visit the different local boards and instruct and check them in their work. He has given the matter much close attention and study and the appointment was not misplaced.

AT THE PRESBYTERIAN
CHURCH

Mother's Day will be fittingly observed in the Presbyterian church tomorrow. The old familiar hymns will be used. Special music has been prepared by the choir. At the Sabbath School the entire program is in the hands of the mothers and daughters. A hearty invitation is given to all to attend these services. The choir is preparing to give another of their special musical programs two weeks from today. Next Sabbath we expect two noted men, one an English officer back from the front, to address the congregation on the coming Red Cross drive. See the papers for fuller announcement.

NITRO PLANT EXPLODES
EIGHT THOT KILLED

CUTLER ARRESTED
FOR TAKING \$70
FROM COAT POCKET

Last Tuesday Michael O'Donoghue was moving his household goods from Hillsdale to the New York Central station, he having decided to return to Patton, where he formerly lived. He had a local drayman doing the moving and three or four men helping load the trucks. Mr. O'Donoghue had \$70 in ten dollar bills which he placed in the inside pocket of a coat left hanging in the second floor of the house while the goods were being removed.

When the last load had been placed upon the truck Mr. O'Donoghue went to get his coat but found the money missing. Suspicion was directed toward Paul Cutler, one of the men employed in the moving and thanks to some clever detective work on the part of the local police Cutler was taken into custody at DuBois yesterday and a part of the stolen money found upon him.

Following the theft Chief Eadie notified the merchants in town, at Hyde City and Curwensville to keep tabs on Cutler and see if he offered any ten dollar bills for purchases made at their different stores and as he lived in Pike township and got on and off the B. & P. train at Pennsboro, the railroad men were also asked to keep the police posted as to his movements.

Yesterday Chief Eadie was notified that Cutler was on the noon train bound for DuBois and he telegraphed Conductor McGannon to point the suspect out to Officer Middleton, of DuBois, who was on the train. The Chief also notified Chief Peace to watch Cutler on his arrival there and if he was found with a ten dollar bill on him to pick him up.

As a result shortly after Cutler arrived in DuBois he was arrested by Chief Peace and Officer Middleton and while en route to the lockup managed to drop two ten dollar bills onto the sidewalk. A small boy following the officers with their prisoner saw Cutler drop the money and notified the police. He was placed in the lockup and Officer Carlson went to DuBois last evening and brought Cutler back to jail this morning.

Wear a Thrift Stamp tomorrow. Your mother will appreciate it just as well.

OFFICER DESCRIBES THE
SINKING OF VINDICTIVEGERMAN "RATHOLE" MOST EFFECTIVELY
BLOCKED BY OBSOLETE BRITISH BATTLE-
SHIP 327 FEET IN LENGTH

LOSS OF LIFE REPORTED SMALL

London, May 11.—The German naval base at Ostend undoubtedly is effectively blocked as the result of yesterday morning's daring raid. The old cruiser Vindictive, 320 feet long, lies in the 327 foot channel. Officers and men who participated in the venture reported 5 dead, 29 wounded and 10 missing.

Commodore Hubert Lynes, commander of the operations, made the following report today:

"It was a lurid scene. At 2 a. m. the Vindictive arrived on program time. There was a thunder of guns from sea and land, the explosion of bombs from the air and a horrifying cry from the wounded. The Vindictive cruised for 20 minutes in the fog locating the entrance. Finally her crew stopped the engine when at the entrance to the channel, her bow jamming the piers. Motor boats circled close to the cruiser to take off the crew and in a shower of machine gun shells they transferred 2 officers and 38 men and rushed toward Warwick."

FIVE AMERICAN OFFICERS TAKEN
PRISONER, SAYS PERSHING REPORT

Capture of five American officers was reported in today's casualty list from General Pershing. The list contained 68 names including 8 killed in action, 4 dead from wounds, 4 severely wounded, and 34 slightly wounded. The prisoners included Lt. James E. Quigle, of Adrian, Pa. Corp. Cummings, of Greenville, Pa., was among those who died. Corp. Edward J. Herzog of Johnstown was severely wounded.

THE COPPING CARNIVAL
AT CURWENSVILLE

Chief of Police Guy Clark, of Curwensville, was in town today and in discussing the recent rioting affray in his town said the Copping carnival appeared to be more the victim of circumstances than of any intentional wrongdoing as far as the management of the carnival was concerned. He said Mr. Copping carried all clean shows and that while the concessions placed by the sheriff were technically styled gambling concerns they were really only what was generally allowed on carnival grounds and similar in every particular to those carried by and in operation at the John Jones shows in DuBois this week.

Chief Clark said the amusement end of the carnival had permission of the borough authorities to open this afternoon and evening. This afternoon Councilman J. M. McKinley, of Curwensville, called The Progress and added his testimony to what Chief Clark had to say in the matter. He said the Curwensville people had no fault to find with Manager Copping and his carnival and no objection to allowing his shows to proceed. That Mr. Copping had a very decent crowd of people with his shows, and made every effort to have the same conducted properly and Curwensville people had no fault to find with him and did not desire to have him quit the town on account of the actions of the concessions complained of. Accordingly the show will be given today and tonight.

ENTERTAINED CLUB

Miss Frances Stewart entertained the P. S. E. Club, of which she is a member, last evening at her home on Pine street.

Dancing, games and music furnished delightful entertainment for the guests until a late hour when refreshments were served.

LONDON PAYS HIGH
TRIBUTE TO U. S.
FORCES IN PARADE

By United Press
London, May 11.—Thousands banked the streets and parks today along the route taken by the American troops in their parade through the heart of London and into the hearts of the Londoners. The enthusiasm evinced everywhere surpassed even those thrilling days of 1914. An American band headed the first battalion, a Scotch band headed the second and an Irish Regimental band headed the third. As they swung past with the picturesque bird cage walk amidst wild cheering by military men and civilians with rifles shining and drums thundering the Americans were reminiscent of "Kitcheners' Mob."

The American soldiers detaining acid the cheering of veteran Tommies, Jocks, Maple Leaters, Azasacs and civilians marched early this morning up through Westminster square to their temporary barracks. They were reviewed by the staff of the American embassy and at Buckingham Palace they were reviewed by King George.

CANT KEEP GEORGE DOWN

A most painful accident occurred this morning when George Wrigley, the two year old son of Mr. and Mrs. Lloyd Wrigley, pulled a bucket or scalding hot water over onto himself. The little fellow has plenty of grit and although heavily swathed in bandages about the head, hands and chest he is out walking this afternoon with his little brother and father proudly displaying his wounds as though he were a veteran from the battlefield.

The German language, often termed the best language of
expression in the world, has been disgraced by the actions of its
speakers. Language has a large part to play in the making of
nations and the building up of a nation's commerce. Many edu-
cators have come to believe that a better and more universal
knowledge of the German language is simply making it that much
easier for the propagation of German theory and practice and
inculcating into the minds of the young the idea of "Kultur".
Every day school boards are dropping the subject and no doubt
the same step will be taken in Clearfield before long. Already
our sister cities, Bellefonte and DuBois, have discarded the
language of the Hun.

A GERMAN DENIAL

Close on the heels of the British announcement of the spec-
tacular feat of sinking a concrete-laden ship in the neck of the
channel at Ostend the Berlin admiralty issued a denial of the
occurrence, saying that the attempt to bottle up the sub base was
frustrated and that the loss of life to the British is heavy. It is
reasonable to presume that the loss of life would be heavy in such
an undertaking but it surely is idle talk for the Germans to say
that the attempt was not a success. It has never been the policy
of the German military authorities to admit defeat in any case
and on the other hand the British are not given to making ex-
travagant claims on their successes. The bravery of the men
making the attempt is beyond description and their act will go
down in history as one of the great things of the war. The very
fact that they made the attempt and had even a measure of suc-
cess presages the trying of it again and in the end the sub bases
will be corked up tight with obsolete, concrete-laden ships. It
is only a matter of time.

CARNIVALS

Owing to past experiences with carnivals The Progress has
been unalterably opposed to them as an amusement enterprise
or as a means of raising money for public improvements and
special enterprises. Now that we are at war and every dime
should be spent for only the necessities there is another reason
why the carnival is about a thing of the past.

Clearfield has for years been in need of a good band. One
that will be on deck ready for all public meetings and special oc-
casions. Time after time an effort has been made to raise the
money by public subscription and other means and each time the
promoters have met with disappointment. Nothing pleased us
more than the decision of the Clearfield Fire Department to or-
ganize a band and we know that the fire department would not
have adopted the carnival percentage method of raising the
money had there been another way to get it.

The clause in the contract between the fire department and
the carnival company prohibiting the money gambling and im-
moral shows is a wise one and should remove the most objection-
able features of the modern carnival. In addition to this we feel
that the members of the fire department will see to it that the
best of order is maintained and that the provisions of the con-
tract relative to the objectionable features will be strictly en-
forced by them. There is no denying the fact that the people of
the city of Clearfield will demand this and there is no doubt but
that the fire ladders will see that there is nothing to complain
about on the carnival grounds.

Scandalous stories affecting Ameri-
can Red Cross nurses in France were
denounced in a presentment handed
down Thursday by the Federal Grand
Jury. Dr. Emma B. Culbertson,
senior surgeon in the New England
Hospital for Women and Children,
who admitted repeating one of these
wild stories at Vassar college, was
censured. Judge A. N. Hand, accept-
ing the presentment, said:

"This statement has been cir-
culated in various cities. It in-
dicates on its face a deliberate
propaganda from some in-
famous source that is inimical to
our institutions."

The statement which Dr. Culbert-
son admitted last night in Boston she
had repeated to President MacCrack-
en in Vassar was as follows:

"It is a matter of common
knowledge that 200 beds have
been reserved in Sloane Materni-
ty Hospital, New York City, for
Red Cross nurses who were re-
turning from France and expect-
ed immediate confinement."

"Statement Unfounded"

The Grand Jury which spent many
days in its investigation and listened
to Dr. Culbertson and many other
witnesses, said:

"Investigation showed that
Emma B. Culbertson had abso-
lutely no knowledge or informa-
tion upon which to base such
statement, and that said state-
ment was wholly and entirely
without foundation. No Red
Cross nurse has returned to this
country from foreign service in
such condition. Emma B. Cul-
bertson herself now believes she
has been misinformed and regrets
she has been a party to the dis-
semination of a false statement."

The Grand Jury decided that Dr.
Culbertson had no evil intent in
spreading the story. Judge Hand an-
nounced that such reckless statements
in the future would probably lead to
indictment.

The Grand Jury also denounced an-
other wild story which has been com-
ing into every newspaper office in this
city for weeks. The New York
American established its falsity on in-
vestigation.

The story, which the presentment
calls "merely one of a score of wild
vaporings," has to do with two Red
Cross nurses alleged to have returned
to this country from France with
their hands and tongues cut off.

Blames The Public

A woman speaker for the Liberty
Loan at a Washington Heights mov-
ing picture house was among those
who told this story publicly. The
presentment concludes with this
warning:

"The Grand Jury deprecates the
tendency shown by the public in
general to give ready ear to and
repeat stories and reports of a
sensational and scandalous nature
and character affecting the
American Red Cross and its
nurses."

"Such stories and reports not
only interfere with recruiting for
nurses' service abroad, but have
a tendency to create public dis-
trust of the American Red Cross.
They are detrimental to the many
activities it is carrying on to al-
leviate the unspeakable condi-
tions due to the war."

**GRAND JURY MAKES
REPORT TO COURT**

To the Honorable Singleton Bell,
Judge of Clearfield County, Pa.
The grand inquest inquiring in and
for Clearfield county May Term 1918
do respectfully submit the following
report:

We have acted upon twenty-two
bills of indictment, of which we re-
turned nineteen true bills and three
not true bills.

We recommend that the County
Commissioners build a new concrete
bridge at Westover borough, to take
the place of the iron bridge there
which has been condemned.

We have inspected the county build-
ings. We find them in good condition
except that we recommend the floor
in the corridor of the jail be repaired
and new linoleum laid.

We also recommend that all wood
floors in bad condition at the County
Home be replaced with concrete or
other serviceable material to make it
more sanitary.

We also recommend that the en-
trance to the Court House be changed
to comply with the State law.

We also recommend that the par-
titions now dividing the rooms on the
second floor of the Court House, used
as a Grand and Traverse Jury room,
be removed and one large room be
made of same; this change involving
the erection of an open stairway in
the corridor on the second floor to
connect with the rooms on third floor,
which should be put in condition for
use as jury rooms, eliminating the
bad points and other rooms now prac-
tically unused.

We also return our thanks to the
Honorable Court, the District At-
torney and officers of the Court, the
County Home Steward and Master,
and our thanks for their courteous
aid and facilities.

**Why I Stand For
The Workingman**

At the age of eighteen I began the man's work
of lumbering in the then busy woods of this state.

The lot of the lumberman is familiar to me—
cutting, peeling and piling logs; breaking landings
and rafting—I have done them all.

Thus I have had first hand acquaintance with
laboring conditions and can look at any legislative
movement from the workingman's viewpoint.

It goes without saying, then, that it is my de-
sire to promote legislation that will make the con-
ditions of the worker better.

Americans Can Do Their Bit By Re- fusing to Wear Pointed Shoes

That is what a writer in the New York Evening Mail said recently. He pointed out what we have been saying for a long time; that pointed shoes bend the delicate bones of the foot and inevitably cause corns, bunions, twisted toes, ingrowing nails, callouses, etc.

Such foot ills would disappear and a general increase in bodily efficiency would take place if every American would wear

OLD BELL TO CALL FAITHFUL TO SERVE THE MASTER AGAIN

An interesting service will be held at the U. B. Church, East End, tomorrow, when the new church bell will be dedicated or re-dedicated with appropriate exercises.

The new bell, or more properly speaking, the old bell, was hung in the belfry on Thursday evening last by a number of the members of the congregation. The bell has a history, if we were able to tell it all.

This bell is the old bell formerly located in the steeple of Trinity Methodist church and almost a half century ago was calling the faithful to the service of the Master, its deep tones also announcing the sad tidings of the death of many former well known residents of our town.

How old the bell is we are unable to determine, but it is a fine specimen of the old-time bell maker's handiwork. We glanced through the late Geo. W. Rheem's "History of Methodism" in the hope of finding some mention of its purchase, but were unable to do so. However, as the steeple of the old church was finally completed in 1870, the old bell as at least chasing the half century mark and

CASTING OUT THE DEMON RUM

A dozen states have already ratified the "dry" amendment to the federal constitution. Only one or two states have dodged the matter. It seems assured that the necessary two-thirds of the states will act favorably on the measure as soon as their legislatures convene. We predict that before this time next year the matter will be practically settled. The rum demon will be exorcised. Praises be!

In the meantime, Indiana has gone "bone dry" (unless the supreme court declares the law which has just taken effect unconstitutional.) At the spring elections in other states saloons were voted out in many sections where the question was put on the ballot.

As a war measure and as a peace measure—in the name of religion, and health—for the sake of our work and of our purses—the common sense of the world can only rejoice when the last shovel full of earth is thrown upon the grave of Old King Alcohol.—Farm Life.

WM. G. SHEPHERD WILL RETURN TO EUROPE VERY SOON

(By United Press)
Indianapolis, May 11.—William G. Shepherd, United Press war correspondent, "ace" of the battlefront writers, is scheduled to deliver his farewell address to the writing brethren before crossing again to the war zone at the annual convention of the National Association of City Editors which opened here today.

George Creel, chairman of the government's public information committee, will lead the discussion on the subject of what to do with governmental publicity material.

This problem is one of the most acute that editors have to deal with. Newspaper wastebaskets throughout the country always overflowing, practically have collapsed under the strain of caring for the tons of "public information" sent out by government agencies since the war began.

Gov. J. P. Goodrich of Indiana, Douglas Fairbanks of the film, Rex Beach, Congressman Simeon Pess, and James Schermerhorn, publisher of The Detroit Times, are among the speakers scheduled to address the newspapermen at a banquet tonight.

GOODRICH TESTED TIRES

At the City of Goodrich, they have officially announced the grand mileage of Goodrich's nation-wide Test Car work of 1917:

1,046,686 linear miles.
4,178,744 tire miles.

Those figures indite the Emancipation Act of motorists, freeing them from tire mishaps and amputated mileages.

Compressed in them is the story of the famous Six Fleets, and how they hurled Goodrich Tires the length and breadth of our nation, over city pavement and country road, ploughing them through sand and mud; mauling them against rock and gravel.

Mathematics has no favor to show. That multiplied mileage of 4,178,744 miles

coldly, calculatingly, puts the seal of multiplied proof on Goodrich Tires, and stamps them "Tested." In that searching test, no slightest defect, no hidden short-comings could escape the sight of the Goodrich experts.

SILVERTOWN CORDS, and BLACK SAFETY TREADS, under light and heavy cars, defied the rough going of roads where over the Test Car Fleets rushed them.

The spiral-wrapped, cable-cord tire body, and Goodrich's tough black tread rubber fought the hard fight and conquered.

Seek tire surety and long mileage in the proven service of "America's Tested Tires." Goodrich guarantees you will get it because Goodrich tested and got it.

Here is another effective way to measure the quantity of materials used—and that is to measure the actual thickness of tread.

JUNIOR-SENIOR BANQUET

The Junior class of the Clearfield High school gave their annual banquet in honor of the Senior class last evening in the gymnasium of the new High school building. The teachers and several members of the school board and their wives were guests at the banquet.

A grand march was participated in by all. The special feature of the evening was a program given by Miss Simmons, Mr. Van Osten and Miss Reno, teachers of the High school which was a little sketch from "Kipling." Miss Simmons gave the readings, Mr. Van Osten sang and Miss Reno accompanied at the piano.

Dancing, music and games furnished entertainment for the rest of the evening.

The purpose of the organization is to favor, foster and further by all lawful means the establishment, building, development, improvement and maintenance of highways within the State of Pennsylvania, particularly through the Counties of Erie, Crawford, Clearfield, Jefferson, Clarion, Centre and Blair, and to secure the benefits which may ensue therefrom, and to that end, to cooperate with any other association or associations of like character.

At the meeting arrangements were made for application for Charter and Clarion was selected as headquarters for the association.

The membership fee was fixed at \$1.00, and a campaign will be made throughout all the counties interested for members. It is expected to secure at least 5,000 members.

The big project of the association will be securing the improvement of the old Susquehanna and Waterford turnpike from Erie to Tyrone, connecting there with the William Penn Highway.

Store Editorials

Cultivating the Idea of Looking

Please feel at liberty to come into this store and view our displays and stocks at your leisure, and even though our salespeople will greet you with the question whether they can be of service to you, we want you to feel that this does not mean that you must buy merely because you enter the store. The fact that our salespeople are eager to serve you is only an example of the courteous service you receive at this store.

It is a good idea to cultivate the habit of looking, of asking to see as many grades of a certain article as you wish. You should feel perfectly at home when you enter THIS store.

PAIGE

The Most Beautiful Car in America

Always On Time!

Men of action refuse to be dependent upon slow moving, congested trolley cars. They realize that their time is worth money. And, quite naturally, they find the solution of this time problem in a dependable motor car—the most efficient form of transportation that has ever been developed.

A little reflection should convince you that any man can do a better day's work with a Paige. In the entire field of automobiles there is no car with a more firmly established reputation for dependability. Because the Paige performs its work unflinchingly, it has been adopted by those men who are best equipped to judge the efficiency of any mechanical product.
